## Delegates Gathering In Chicago For Convention

### Prohibition To Occupy Stage At Convention

Republican Party Delegates Assembling In Chicago For Sessions

CONVENTION WILL OPEN ON TUESDAY

Only Matter To Occasion Battle Will Be Wet-Dry Platform Plank

By GEORGE R. HOLMES  
International News Service Staff Correspondent

CHICAGO, June 13.—Prohibition stalked into the Republican National Convention today and took a seat down front, there to remain until some settlement is reached on this controversial issue.

The settlement may be difficult, it may even be extremely obnoxious to the administration. The spokesmen for the White House—and they are numerous—were busily engaged today in trying to head off an open revolt. Whether they will be successful remains to be seen. But at any rate they were trying.

New York's big delegation led the parade of wet states in demanding an unequivocal plank in the platform calling for repeal of the Eighteenth Amendment. The New Yorkers caucused a few hours after reaching Chicago, and with relish and dispatch they demanded that something be done about the prohibition amendment.

#### Resolution Adopted

Without a dissenting voice among the 97 delegates, they adopted the following resolution:

"Resolved, that it is the sense of New York delegation that the Eighteenth Amendment to the federal constitution be resubmitted to the people of the United States in the following manner:

"That the Congress of the United States do now resolve, etc."

### PA NEWC OBSERVES

Horned larks may be plentiful in this section of the country, but Pa. News observed a small flock of them for the first time while playing golf at the Municipal course during the past week, and it was not until today that he found out the name of the queer birds. They are slightly smaller than a robin, of a tawny color, and bear two little tufts of black feathers on either side of the head from whence the name is derived. These were quite tame and one could walk to within several feet of them before they would take flight, their actions in the air being somewhat similar to a meadow lark.

This week's detour bulletin, issued by the Pennsylvania department of highways, is beginning to look red, as a number of detours were added. There are none in the local district, but new detours are listed between Edinboro and Union City, east of Erie and around Brookville. The bulletin can be found posted on the

Believe Man Shot Wife, And Then Turned Gun On Self In Suicide Effort

SHOOTING STUNS YORK SOCIETY

(International News Service)

YORK, Pa., June 13.—Mr. and Mrs. Walker N. Brenner, prominent in York's social and civic life, were found probably fatally wounded in the kitchen of their home in an exclusive residential section today.

Both were suffering bullet wounds in the head.

They were rushed to the York hospital where attaches gave little hope for their recovery.

On the floor between Brenner and his wife police found a .32 caliber revolver, ownership of which has not yet been established. In the barrel of the gun were three bullets and two discharged cartridges.

The couple was found by W. C. Bowman, caretaker, who told police Brenner returned home unexpectedly early from his office this morning and summoned his wife who was visiting a neighbor. Shortly afterward, Bowman said he heard two explosions.

Greer And Rents Are On Committee

With the arrival of the Pennsylvania delegation in Chicago early today, the various committees of the delegation were appointed. Dr. Robert C. Greer, Sr., of Butler, a delegate from this district, was appointed chairman of the contact committee, and Fred L. Rents of New Castle, also a delegate from this district, was appointed a member.

(Special to The News)

CHICAGO, June 13.—Well here I am right at the stage door waiting to see all the actors in this great comedy called "A Convention Held For No Reason At All."

I have the distinction of being the first Democratic white child to arrive at the Republican fiasco. Breakfast at home Saturday morning, dinner in Kansas City, then into Chicago for breakfast Sunday, but disgraced myself by making the last hop on the train, as there was no regular plane.

Guess I am getting old, and going back. Be taking up golf next. A newspaper man spoiled my whole convention by asking me if "I was an alternate." Now a delegate is bad enough, but an alternate is just a spare tire for a delegate; an alternate is the lowest form of political life there is. He is the parasite in a plane that never leaves the ground.

Yours,

Will Rogers.

Ted Poister Is Killed In Fall

Organist Here With Gene And Glenn Killed In New York

It is thought that the unfortunate young man was looking out of the window in his apartment and in looking too far over, lost his balance. His home was in Galion, O., where he first entered the professional music field as an organist in a Galion church.

### FORMER LOCAL MAN SHOT AT GAS STATION

George Bryan, 152 South Courtland avenue, Youngstown, a former resident of this city, and brother of J. Elder Bryan, Morton street, was shot through the right arm about midnight Saturday by a man trying to escape payment of his gasoline bill.

Mr. Bryan, who is an attendant at a gasoline station, corner Main and West Heights avenue, Youngstown, Ohio, had just counted up the receipts for the day and was about to close the gas station about midnight, when a car drove up and the driver asked for nine gallon of gasoline.

Mr. Bryan put the fuel in the tank and walked around the car to collect for it when the car pulled away. He yelled at them to stop.

The drivers who attacked Mr. Bryan, had been seen acting in a suspicious manner about the gas station for some time prior to getting the gas Saturday evening and it is thought they might have had intentions of robbing the place.

## PA NEWC OBSERVES

News lobby. There are oiling opera-  
tions in Clarion county around  
Foxburg.

Cool weather of yesterday was ap-  
preciated in one source anyhow.  
Sunday was children's day in many  
of the churches of the city, and the  
cooler weather allowed the performers  
and audience to enjoy the programs  
in comfort. Usually children's day exercises are presented  
with the weather rather stifling.

Threatening weather failed to  
scare a lot of the golfers Sunday  
and local links were fairly well  
crowded with devotees of the sport.

Pa Newe is reminded by a D. A.  
R. member this morning that Tues-  
day, June 14, is Flag Day. The lady  
stated that although most people  
know that flags should be raised at  
sunrise and lowered at sunset, yet  
five or six flags in New Castle have  
been displayed night and day since  
Memorial Day.

The chum of a concrete mixer  
has a magnetic appeal to a crowd  
and that was one of the reasons  
why a group of bystanders watched  
workmen on the job at the new  
Woods building at the East Wash-  
ington-North Mill street corner this  
morning. The basement foundation  
was being reset.

Gardening seems to have pushed  
out of the way in the interests  
of certain club swimmers this sea-  
son. At least you'll run across a few  
who've decided to keep vegetable  
gardens or flower beds in trim this  
year in the place of bathtubs.

"Swat the Fly" must be more than  
a slogan to one man who walked up  
East Washington street this morn-  
ing. Under his arm he carried about  
a dozen swatters. Looked like am-  
munition aplenty for the anti-fly  
crusade.

## Put Flags Out On Flag Day

Citizens are asked to display the  
American flag tomorrow, in honor  
of the birth of the flag. In a state-  
ment today, W. O. Rugh, president  
of the New Castle Chapter, Sons  
of the American Revolution said:  
"There is a double reason this year  
for marking Flag Day. Not only  
is it the birth of the American flag  
but it marks the 200th anniversary  
of the birth of George Wash-  
ington. The Sons of the American  
Revolution hope that every citizen  
will display a flag from his window  
or some part of the front of his  
home. Business men are asked to  
display their flags in the holders  
they have on the sidewalks."

## SECOND U. P. SCENE OF CONTEST DINNER

As a fitting climax to a membership drive, the losing side of the Married People's class of the Second U. P. church entertained the winning side at a chicken dinner on Friday evening. The attendance numbered 115 persons.

The contest colors of red and blue as well as the bicentennial colors were carried out in the table decorations and menu. Baskets of red, white and blue flowers formed centerpieces. Miniature pots of celophane flowers marked each place.

Mrs. George Wagner conducted a short business meeting, after which Richard Hill presented his annual minstrel entertainment. Those taking part were Ray Zeigler, Earl Artz, William Patton, Albert Quelch, Howard Warnock, George Annabel, Clare Baldwin and Don Crowl.

Mrs. Richard Hill acted as general chairman, assisted by a capable committee of ladies from the losing side. Favors were made by Mrs. H. Ashton, Mrs. J. Elder Bryan and Mrs. Gerald Smith. The class is taught by W. T. Burns.

The July meeting of this organization will be in the form of a picnic.

### Class Holds Picnic.

The Ever Willing Workers class of the First U. P. church, taught by Mrs. W. Scott McCaslin, enjoyed a picnic outing Friday when they motored to the John Wymer camp at Wurtemburg. Special guests were Mr. and Mrs. James De Voe, the latter being a former member of the class.

Mushball and other diversions were features of the evening with Miss Mollie Komar being awarded the prize at the close of the entertainment.

When dusk fell, a huge bonfire was built and all gathered about and sang songs until a late hour when lunch was served. Mr. McCaslin at this time put on a novel character sketch that was most amusing. Twenty-two participated on this occasion.

### THIS WEEK'S REPUBLICAN CONVENTION

IT IS here at last—the first of the two national conventions. This might aptly be called Hoover Week at Chicago, before it is ended he will be renominated with no opposition worth considering. "It will be a militant meeting proud of the Hoover leadership in the Nation's crisis," exults National Committee Chairman Fess, "and it will be followed by an aggressive and triumphant campaign."

The National Convention itself will convene on Tuesday. National Chairman Fees will wield the gavel and call for order. His authority will be but short-lived. He will give way to L. J. Dickson, United States Senator from Iowa, whom President Hoover had indorsed for temporary presiding officer. The Senator will deliver what is termed by custom the "keynote speech," detailing the achievements of the Republican Administration under Hoover and defining the party's policies.

With the address out of the way, each delegation will hand in the names of its representatives selected for service on the various committees. The convention will then adjourn until Wednesday, when Senator Dickinson will retire in favor of the permanent chairman, Representative Snell of New York. With the permanent organization effected, the convention will wait anxiously for the report of the resolutions committee, which will be the only important committee in this gathering. If the committee has been having trouble, time can be saved by proceeding with the speeches nominating Herbert Hoover, but balking must wait upon the adoption of the platform.

So far as Hoover is concerned, the convention will turn itself into a ratification meeting for the occasion, and probably, too, Vice President Curtis will share in the renomination jollification, although some opposition to him is forming. Whatever trouble may arise will centre upon the treatment of the 18th Amendment. Unless a referendum in the shape of its resubmission to the States is advocated, Dr. Butler and others are prepared to carry the fight to the floor. On the other hand, if the ardent dry element is not satisfied, it, too, will challenge to battle.

Heretofore both national conventions have contented themselves with pledges to enforce the Amendment. But this time there is indicated a battle for a different plank. Republican leaders in Washington have been drafting and re-drafting a resolution. Many of them will not be able to attend the convention, but their influence will be there, and there seems to be a pretty general agreement among them that some definite stand is certain.

### THE NEW TAXES

Federal taxation is about to become a reality to millions who have not felt its burden since the rescinding of the war taxes and the raising of the income-tax exemptions. Under the new revenue bill few will escape and the many will know they are carrying something.

Income-tax exemptions have been lowered from \$3500 to \$2500 for married men and from \$1500 to \$1000 for single persons. Moreover, the rates in all brackets have been increased.

Every time John Smith, taxpayer, mails a letter it will cost him an extra cent, and every check he draws will shrink the bank balance by two cents. Uncle Sam will take a cut of a cent on every gallon of gasoline and a cut of 10 per cent on theater tickets costing more than 40 cents.

Every long-distance telephone call incurring a charge of more than 50 cents will put money in the till at Washington. The cost of recreation will go up at the rate of 10 per cent on all equipment, automobile tires will carry a tax of two and one-quarter cents per pound and real estate sales will be taxed one dollar per thousand of purchase price.

A tax of 3 per cent on electric light bills will encourage the thrifty to take advantage of discounts. It will be better business to save the discount than to pay for two months' current with one check in order to save the check tax.

Poorly prepared is the country to carry this added burden of taxes, yet some day it may consider the price small indeed. A balanced budget is essential to good national credit, and this is just the rock between the eyes the American people needed to bring them to their senses after a saturnalia of public waste and extravagance.

### AMERICAN PLAN BEST

Europe has been unusually caustic in its criticism of the recent conduct of congress because few Europeans understand the way the governing machinery of the United States works. They do not know so can not sympathize.

The American method and the plan devised by England and adopted by other European countries are not the same. Under the European plan the government submits a measure to the legislature. If it is defeated the government resigns and a new one more responsive to majority opinion is formed.

Our plan is quite different, and almost incomprehensible to the European mind. There is no "government" to introduce and sponsor bills in congress. Bills are introduced by individual senators and representatives; they are referred to committees; the committees study and debate them, amend them, and either report or pigeonhole them. Those reported out of committee go through this process twice more in the senate and house before final passage or defeat. Up to this point the administration's or government's part is purely advisory. To the foreign mind, this seems a very disorderly and chaotic procedure.

Recommending the European system is its greater precipitancy and alacrity. The American is more deliberate, less likely to err through haste and popular hysteria. Washington would have changed governments several times in the last two years if the British system were in operation there.

Keep Cool  
Think of Swimming Pools  
And Hot Cornfields

By MARSHALL MASLIN

Things to think about in hot weather:  
An iceberg in the Far North and you on top of it.

A cool blue lake in the high mountains.

An ice cream soda.

A cold shower, lasting an hour.

An old-time swimming pool, and all the kids in their birthday suits, diving, jumping in holding their noses, cracking rocks together under water, seeing how long they can stay under, swiping green apples from nearby orchards and eating them, trying to catch turtles, chewing beef, and nipping a ride on the water cart all the way home.

A cool breeze coming up.

Pretty green and blue stars far off in the cold and distant spaces.

How lucky you are not to be working in a mine 5,000 feet underground.

How hot it is in the Sahara Desert.

A crisp green salad with red tomatoes and cucumbers.

Mermades in palaces under the sea.

How hot a cornfield is on a summer day.

Forest fires and red-hot molten steel in a foundry and sticky crowds and soldiers fighting in France on summer days 15 years ago.

What's in the icebox?

Baseball games, and the sun loosening up the pitchers' arms.

Snowballs, rose petals, cold shoulders.

Anything but work, anything but effort, anything but keeping as cool as you can.

The next person who asks "Is it not enough for you?"

A nice cool drink.

## Opportunity For Business

By DR. JULIUS KLEIN

Assistant Secretary of Commerce  
There is as great an opportunity today as there ever has been for the small business concern to prosper and to find a needed place in the economic structure.

The outstanding advantage a small concern has over the "big fellow" in the same field is quick adaptability. Policies can be changed over night, and operations conducted with a facility not possible for big corporations, with "ponderous boards and committees" to be consulted. The advantages of the small concern become even more obvious during a slump.

The massed power of large-scale operations bring with it advantages, but the small operator has compensating advantages, giving to small independent business units as great an opportunity for success today as ever in the past—in fact, a greater opportunity, because of the steady advance in our living standards and our buying power.

Competitors should today be a rival in values of product and service, rather than suicidal orgy of temporary price raids.

Every time John Smith, taxpayer, mails a letter it will cost him an extra cent, and every check he draws will shrink the bank balance by two cents. Uncle Sam will take a cut of a cent on every gallon of gasoline and a cut of 10 per cent on theater tickets costing more than 40 cents.

Every long-distance telephone call incurring a charge of more than 50 cents will put money in the till at Washington. The cost of recreation will go up at the rate of 10 per cent on all equipment, automobile tires will carry a tax of two and one-quarter cents per pound and real estate sales will be taxed one dollar per thousand of purchase price.

A tax of 3 per cent on electric light bills will encourage the thrifty to take advantage of discounts. It will be better business to save the discount than to pay for two months' current with one check in order to save the check tax.

## Hints and Dints

Sun sets tonight 7:31.

Sun rises tomorrow 4:28.

A Pittsburgh lady's claim for a divorce was that she had to move ten or twelve times in about three years because her husband drank so much he could not pay the rent and they also had to move at night. Having a drunken husband is bad enough without having to move at night.

It is Easier to Shift the Blame Than to Weigh Your Own Weakness.

We notice that quite a few people are getting the B. S. degree in college. Some don't have to go to college to get that degree.

HOW MUCH IS A DOLLAR?

Dave Harum said, "When you get hold of ten dollars get it into your pants as soon as you can, for there ain't no pocket in a shroud and you're a long time dead."

If you had nothing but money you would be poor indeed. It is the things for which you can exchange the money you earn that set the standard of your living comforts and conveniences.

You know this. But do you know that it is you who largely determines the value of your dollars?

Many things contribute to the distance a dollar will go, but the greatest agent in "value received" is Advertising.

The advertisements in this paper tell you about the best grades of merchandise. They tell you where they can be had and for how much.

They tell you of the new things that manufacturers are producing to make your dollars of real worth to you in greater comforts, better living, more enjoyment.

Read the advertisements. Take time to save trouble. Read to save walking. Search the ads to save searching the stores. And to make the dollar go farther!

GREEN PASTURES

There are people opposed to a new court house in Lawrence county who would also be opposed to paying for enough fire insurance or hiring guards to watch the priceless records in the court house. And it probably would not cost one of those kickers two dollars to get a new court house here. Just being against something is all they want.

DOES EXPERIENCE COUNT?

Experience has been defined as being the "trial of the days through a man's life." Mere experience is nothing to boast of. Everyone has experience. The real measuring stick is not how much experience you have had, but what you have done with it.

It is merely incidental that some men are paid a big salary for their work. Hundreds of thousands are doing vitally important work in this world that may benefit those who come after it without asking more for it than the bare comforts of life.

Years ago a bushman in Australia died worth 20 million dollars. Shortly before his death he sat with an exultant snap of his fingers. "The money is nothing. It was the game of fighting the desert, the fun of the game, the thrill all my life and I have won. I put water where there was no water, roads where there were no roads. Nothing can undo what I have done, and millions will be happier with it."

What does it matter how much experience this man could boast of? The vital thing is that he did something and did it well.

Perhaps hundreds of aviators had as much experience as Lindbergh, but he was the first one to apply it so dramatically that the whole country became "air conscious" overnight. There is plenty of room for business Lindbergh. It will be remembered that Lindbergh was ridiculed as the "Flying Fool" when he took off for Paris.

Continually Warned Against IT, There Are A Lot of People Who Continue to Cry Over Spilled Milk Although They Are Not In The Dairy Business.

Pap bought himself a roadster so he wouldn't always have to be on the road when he was riding telephone poles.

Bad Boys Recommend That The Tailor Take the Padding Out of the Shoulders And Put It In the Pants.

The reason so many automobiles are stolen is because the owners of them are so careless in the way they leave them. About half the parked cars are invitation to steal them and the other fifty per cent are good reasons for their owners being arrested.

BUYING

Much is said of the psychology of selling, but there are fully as many angles to buying. The net profit of some concerns lies in their ability to buy right. And it is becoming more generally realized that price is a very small part of buying. Knowing values is the greater advantage. The real buyer must have imagination and vision as well as executives in other departments of the company.

## Four Churches Win Y. P. C. U. Trophies At Convention Here

Bestow Honors At Assemblage,  
Convened On Saturday;  
Near 300 Attend

Trophy awards, signifying outstanding service, were presented to the Young People's Christian Union societies of the Rochester, Beaver Falls, Wurtemburg and Second New Castle United Presbyterian churches at the close of the early-summer convention of the Beaver Valley Presbytery Y. P. C. U. in the Third U. P. church on Saturday evening.

The afternoon and evening sessions and banquet at night drew an attendance of approximately 300, representing nearly all of the 25 societies that make up the presbytery. Beaver Valley towns and rural districts in this area sent delegations.

With the awarding of cups by Rudolph Hoffman, New Brighton, member of the presbyterian executive board and chairman of the committee on awards, the high-light events of the evening session had just begun. The delegates had earlier witnessed slides on Y. P. C. U. history.

### Dear Dr. Williamson

Dr. C. J. Williamson, former pastor at the Highland U. P. church here still a resident, delivered a challenging address to the assembled young people. It was Dr. Williamson's farewell message to the district's Y. P. C. U. for in the fall he will assume a professorship at a Pittsburgh seminary.

Members of the Third U. P. society, host for the day, entertained the visitors in royal style and staged a banquet more colorful than any of their conventions have seen.

A host of speakers appeared during the afternoon and evening. Moses M. Shaw, Chicago, general secretary of the Union, and Howard Heinz, famed song leader of Y. P. C. U. fame, were the featured speakers.

## Grangers To Hold Picnic On June 15

Western Pennsylvania To Be  
Well Represented At Etna  
Springs Park

Grances of Lawrence, Mercer, Butler, Beaver, and other western Pennsylvania counties will hold their annual picnic at Etna Springs park, two miles south of Slippery Rock, on Wednesday, June 15, according to announcement by Audley Book of the Lawrence county grange. The picnic will be a "basket" affair. Everybody is expected to bring their own "eats", but there will be stands on the ground where eatables can be purchased.

E. B. Dorsett, master of the State grange will be present and will deliver an address. By way of entertainment there will be baseball, tennis, horse shoe pitching, swimming, boating and other sports. It is expected that grances from about 23 counties in the western end of the state will be present.

## Poor Board Will Prosecute "Crafters"

UNIONTOWN, Pa., June 13.—Immediate prosecution is to be instituted against hundreds of persons with money either in banks or postal savings who accept aid from the poor board. This was made clear by Arthur L. Byrne, attorney for the board. He says he has been informed that persons who are "pretty well fixed" have been posing as mendicants and receiving aid which they themselves could amply provide.

Four thousand families are receiving aid from the poor board at present.

# Reed And Davis Opposed To Cuts Affecting Army

Ten Per Cent Slash In Military Expenditures Is Defeated In Senate

## ALSO VOTE TO KEEP STUDENT TRAINING

By ARTHUR C. WIMER  
Special Washington Correspondent Of The New Castle News

WASHINGTON, D. C., June 13.—In the name of national defense, Senators David A. Reed and James J. Davis opposed economies in military expenditures over and above those recommended by the Senate Appropriations Committee when the War Department appropriation bill was passed in the Senate this week.

Senator Reed as chairman of the Military Affairs Committee had charge of the measure and insisted that it had been slashed sufficiently. Both he and Davis voted against all amendments proposing added economies, all of which were defeated.

In writing the bill, the House of Representatives had effected an economy by calling for the dismissal of 2,000 army officers. The Senate voted to oust this economy from the measure, with Reed and Davis both voting for retention of the officers.

The Senate also refused to recommit the bill with instructions that

it be slashed ten per cent, a procedure which had been applied to appropriation measures providing funds for the civil arm of the government. Both Reed and Davis voted with the group successfully opposing the ten per cent slash.

Reed and Davis also voted against the amendment by Norris of Nebraska which would have saved several million dollars through suspending Citizens' Military Training Camps for one year. This amendment was lost by a 45 to 11 ballot.

Both of the Pennsylvania Senators also opposed an amendment specifying that none of the War Department money be contributed to colleges in which military training is compulsory. The amendment was defeated, with only seven Senators voting for its passage.

Reed and Davis likewise voted against an amendment which was rejected and which would have provided that no army money would be expended in Reserve Officers' Training Camps or Citizens' Military Training Camps in which civics, government, or other non-military studies are taught.

Representative J. Howard Swick had voted against the dismissal of the 2,000 army officers and the suspension of the C. M. T. C. when the War Department bill was before the House.

## DRUNK WOULD PLEDGE LIFE

**Mayor Mayne, However Proposes Three Month Layoff, And Prisoner Agrees**

Police court class this morning consisted of but two men, both of whom were charged with being drunk.

Both were discharged, one because he was from Shenango township and the other, because he took the pledge.

The latter was fearful of what the mayor might have in store for him. "If you'll just let me go this time," he remarked to the mayor, "I'll never take another drink as long as I live."

"Now just a minute," remarked the mayor. "I'd hate to have you take that pledge and not be able to keep it. Let's try something more brief. How about three months?"

"Anything suits me that suits you," Mayor Mayne was the reply of the drunk.

"Very well, you may go now, but dear pity, if you return within three months for you will pay for this and all other former occasions on which you have caused the police so much trouble."

"Anything suits me that suits you," Mayor Mayne was the reply of the drunk.

STANLEY HAUSNER

(International News Service) HORTA, AZORES, June 13.—Stanislaus F. Hausner, Polish-American flyer rescued at sea nine days after he set out from New York for Warsaw, Poland, was enroute to New Orleans today, safe and well.

The Circle Shell is due at New Orleans, its next stop, on June 19.

NEWARK, N. J., June 13.—The faith which inspired the steadfast hope in the breast of Mrs. Martha Hausner that her aviator husband, unreported for a week after taking off on a New York to Warsaw solo flight, would come home to her safe, was vindicated today.

Her ordeal of suspense was over. Word came from the tanker Circle Shell that Hausner was rescued 550 miles west of Portugal as he clung to his wrecked plane in the middle of the Atlantic ocean.

"I'm so glad, so happy," Mrs. Hausner cried when she heard the news.

## Babe Ruth Hits Two More Homers

Yanks Increase League Lead By Topping Cleveland 13 To 5

### CHICAGO CUBS INCREASE LEAD

By LES CONKLIN  
International News Service Sports Writer

NEW YORK, June 13.—The deals made last week by three pennant contenders—the Senators, Cardinals and Yankees didn't look so hot today as the returns of the first ballot were counted.

Carl Fischer, traded by Washington to the Browns for Dick Coffman, hooked up with Coffman in the first game of a double bill yesterday and beat his former mates, 6 to 3. In the nightcap Wally Stewart held the Senators to three hits, winning 4 to 0.

Plint Rhem, acquired by the Phils from the Cardinals, easily beat Cincinnati, 6 to 1.

**Ruth Hits Two**

The Yanks got a similar shock last week when Danny MacFayden, obtained from the Red Sox, lost his first start for New York while "Poison Ivy" Andrews, one of the hurlers sent to Boston in exchange for MacFayden, won his first start to the Red Sox Saturday.

The Yankees made up lost ground yesterday however when Babe Ruth led them to a 13 to 5 win over Cleveland before 23,000 fans at League Park. Babe knocked in six runs and clouted his 19th and 20th homers of the year, leaving him only two down to Jimmy Foxx, who hit No. 22 as the A's bowed to Detroit 8 to 6. The Tigers went into fourth place, passing Cleveland, while the Yanks increased their lead over Washington to 5½ games.

The Cubs increased their lead over Boston to a game and a half in the National League scramble by taking another close one from the Braves, 5 to 3, on hits by Jurgens, Moore and Herman in the thirteenth.

In the only other game played the White Sox downed the Red Sox 4 to 1.

#### DIAMOND DUST

President Alec Samuels is gazing about to lead a team to take the place of Universal Sanitary Pottery in the Lawrence County Baseball League.

They'll go into action at Bessemer June 25 and it looks as though city fans will travel to Bessemer to see the tilt.

The second half of the Lawrence County League will start July 4. Until then, Universals' opponents will have open dates.

Jimmy Johnson is one of the "guns" behind the Wampum Vances, and they'll have a bang-up and strong second half team.

It is reported that most of the players will come from the Beaver valley district.

Six games are carded for the Twilight Baseball League Tuesday night. The teams are drawing big and playing good baseball.

Louie Sciarro, at 2514-J, is waiting for calls for junior baseball outings. He is the Gaston Juniors' booking agent.

Buck Jones steps inside to say the Spencers-Williams' mushball tilt will be played Tuesday at Clifton Flats.

Perch pitched for Gaston Juniors against the Fall Track and fanned 21, which isn't a bad day's hurling for a youngster.

St. Vitus had their batting goggles on when they hit against Rich of Lutton street A. C. They clouted 21 safeties.

North Highland is a busy team. They played two games with different teams Saturday.

They got 23 hits off Moser of East Brook and won, but were weak, against McKinley, West Side Civics, and were beaten.

## Babe Ruth Hits Two More Homers

Yanks Increase League Lead By Topping Cleveland 13 To 5

### CHICAGO CUBS INCREASE LEAD

By LES CONKLIN  
International News Service Sports Writer

NEW YORK, June 13.—The deals made last week by three pennant contenders—the Senators, Cardinals and Yankees didn't look so hot today as the returns of the first ballot were counted.

Carl Fischer, traded by Washington to the Browns for Dick Coffman, hooked up with Coffman in the first game of a double bill yesterday and beat his former mates, 6 to 3. In the nightcap Wally Stewart held the Senators to three hits, winning 4 to 0.

Plint Rhem, acquired by the Phils from the Cardinals, easily beat Cincinnati, 6 to 1.

**Ruth Hits Two**

The Yanks got a similar shock last week when Danny MacFayden, obtained from the Red Sox, lost his first start for New York while "Poison Ivy" Andrews, one of the hurlers sent to Boston in exchange for MacFayden, won his first start to the Red Sox Saturday.

The Yankees made up lost ground yesterday however when Babe Ruth led them to a 13 to 5 win over Cleveland before 23,000 fans at League Park. Babe knocked in six runs and clouted his 19th and 20th homers of the year, leaving him only two down to Jimmy Foxx, who hit No. 22 as the A's bowed to Detroit 8 to 6. The Tigers went into fourth place, passing Cleveland, while the Yanks increased their lead over Washington to 5½ games.

The Cubs increased their lead over Boston to a game and a half in the National League scramble by taking another close one from the Braves, 5 to 3, on hits by Jurgens, Moore and Herman in the thirteenth.

In the only other game played the White Sox downed the Red Sox 4 to 1.

### Ryantown Team Defeats Koppel

Ryantown of the Twilight League upset Koppel Saturday afternoon in an non-league game at Ryantown field 16 to 1. Robinson and Culbertson combined to pitch a six-hit game. Ryantown climbed on Cynkar and Ferrigno for 2 hits, scoring seven runs in the first inning. Kerr, Bunnel and McKay did a lot of heavy slugging. Tonight Ryantown will play the Boro A. C. at 6:30 o'clock at the Ryantown field.

Score by innings: R. H. E. Koppel .... 000 000 010—1 6 5 Ryantown .... 703 030 12x—16 21 2 Batteries: Koppel, Cynkar, Ferrigno and Howe. Ryantown—Culbertson, Robinson and Bunnel. Umpire—Cowan.

### Turning In Low Scores At Muny Links

Kennedy, Fleming, Preston And Mrs. Nolan Make Fine Scores

Some excellent scores are being made at the Municipal golf course and included among the golfers last week were some from as far as Pittsburgh.

For the 18 hole course is 73, 37 for the first nine and 36 for the last nine. Some have shot slightly over par and others have turned in scores in the low 80's.

Hackett Kennedy, Bill Fleming and Roy Preston on Saturday turned in 39's on the first nine. Kennedy driving the green on No. 7, 347 yards and a dog leg, at Berne Park had an eagle on No. 9, 300 yards.

The course is receiving a good play from the fair sex. They play mostly in the morning and during the early afternoon and among the low scores by the fair sex was a 93 over the course by Mrs. Tucker Nolan.

**Clifton Flats Takes Victory**

Playing before a large crowd at the Buhl Country club grounds the Clifton Flats team Saturday afternoon defeated the Sharpsville Merchants 7 to 5 in a fast game. Paul Coates, former Universal pitcher, hurled a fine game and aided by good support won his game. H. Ryan, P. Ryan, R. Neyman and Martin did a lot of heavy sticking for the Flats team. Alexander on the mound for Sharpsville fanned 13 men, while Coates whiffed five. The local team won the game in the final two innings by bunching hits.

Next Saturday Sharpsville will play at the Clifton Flats field. The game starts at 3 o'clock. Tonight Clifton Flats will play West Pittsburg at the Clifton Flats field at 6:30 o'clock daylight time.

## Fluctuations In Stocks Today

Auburn Continues Spectacular Gyration of Past Week

### OTHER STOCKS ARE BACKWARD

(International News Service)  
NEW YORK, June 13.—Erratic fluctuations in Auburn and strength in the tractions were outstanding in a generally irregular stock market today.

Auburn continued its spectacular gyrations of last week by dropping more than five points in the first few transactions and then running up about 13 points to show a big net gain on the day. It reacted on profit-taking but still held at plus sign at mid-day.

B. M. T. spurted about three points and Manhattan modified and I. R. T. improved.

Leaders were mixed, with steel shares showing a heavy tone on a further decline in the industry's operations for the week. American Telephone also was backward, while Allied Chemical and American Can did little. Utilities tended lower.

He was immediately taken in hand and seated at a table which was bedecked with choice bits of food and lovely spring flowers. Following this, the evening was spent informally with chat and cards. ### Former Ellwood Man Is Honored

ELLWOOD CITY, June 13.—Upon returning to this city from Chicago to visit his family, G. R. Maine found several relatives and friends waiting to do him honor. Mr. Maine expressed delight and surprise upon being confronted by these people Sunday afternoon.

With his family he was taken to Milton Dam where an enjoyable day was spent. Following a fine swim a dinner appealing to the palate was served. Those present were Mr. and Mrs. G. R. Maine and family, Mrs. Earl Williams, Mrs. E. Weller and daughter, Mrs. Elizabeth Maine and daughter Marjorie and Miss Charlotte Jones.

Those figuring in the accident were Fred George of Wilson avenue, New Castle, driver of the above car who was accompanied by J. S. Fraley, Cunningham avenue, New Castle and a car driven by Jack Dean of R. D. No. 1, New Castle. Dean was accompanied by his family.

According to the latter's report to Corporal Lawton of the Highway Patrol, New Castle, who was called to the scene, he was going toward Ellwood City when he came abreast the car driven by George. He claimed that the George car was over too far on the road which resulted in him being sideswiped into a ditch on the left. The other car became out of control and continued through the bushes and trees in the field. The only damage sustained in this car was a torn off running board.

The Dean machine received a broken wheel, damaged fender and bent bumper.

Following an interesting program was carried out over which Hildreth Welsh presided as toastmaster. After a period of pep singing led by A. J. Howell, Sr. Albert Howell, Jr., delivered the toast to the fathers, which the Rev. H. D. K. Huber responded. The Bell Memorial quartet rendered several selections followed by an excellent address by the Rev. C. Warren Johnston of the Central Christian church, New Castle. His address was very forcible and inspiring. His subject was " Loyalty To Dad and Son."

## Anniversary At Croton Church Ends On Sunday

Large Audience At Concluding Services Yesterday

The eightieth anniversary program of the Croton Avenue Methodist church closed in a blaze of glory Sunday evening, with the church auditorium and Sunday school room filled with members of the congregation and friends.

The morning Sunday school service and worship service were well attended, with the pastor giving the morning sermon, the choir singing, "The Largo" by Handel and a trio, Lewis Johns, Mrs. June Bernard and John Waggoner sang "God Be Merciful."

At the evening service Rev. Ross Foulke, D. D., the son of a former pastor of Croton church, C. W. Foulke, who was the leader of the congregation at the time the present church structure was built, filled the pulpit for the closing session of the anniversary week, and being an orator of unusual ability his sermon on "Redemption by Atonement" was heard with intense interest.

The choir sang "Rejoice, O Daughter of Zion" by Wooller and Mrs. Bernard, director of the choir and Mrs. David McCrae sang a duet. As the large crowd filed out of the church each congratulated the pastor, Rev. Clifford S. Joshua, and the members of the congregation upon the splendid celebration which had featured the entire past week, and which will long be remembered by the members of Croton, as well as the many friends who have celebrated with them the past week.

Dear Sir: You are being highly praised for the W. C. T. U. page you printed May 28. May we have more such reading. Let the truth be known about liquor.

Those who are tired of seeing those metal auto plates "Repeal the Eighteenth Amendment" may counteract the propaganda by getting some auto plates reading "Keep and Enforce Prohibition". The details may be had by addressing Sandy's Tribune Building, New York City, says the Christian Standard of Cincinnati.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

They may hold apple blossom weeks, laurel weeks, and seven day weeks in the various parts of the country, but this week in Lawrence County is strawberry week if you don't mind. Not that anybody has officially designated it as such except old Dame Nature.

We can go for strawberries in a big way at most any time. And what a week this promises to be. The berries are just near the peak, the vines are hung with them like the beads of a necklace, and between now and next Monday you will be able to eat strawberry shortcake about as cheap as corn meal.

Let Alabama and Florida ship in their berries in April and May. They fill the gap partly, but the best berry ever to come from down there needed a lot of sugar and usually had the flavor of a sugared toothpick. For real honest-to-John flavor, size and lusciousness the Lawrence county berry stands out like a headlight.

This new tax bill of the Congress has a lot of good news in it for the average citizen. About the only thing they have missed in the way of taxes is the fresh air and sunshine. Oil, tires, incomes, cosmetics, amusements, they all carry a piece of the load.

Does anyone know just where "Honor" is located in this county. We're not trying to be facetious, but the 1932 State Highway map shows such a place on the road between East New Castle and Chewton.

Apparently it is an oldtime spot for some of the other names in the Lawrence County section of the map includes "Joyce," "Alman," "Irish Ripple" and "Possum Hollow," none of which have been in common use since peg topped pants went out of style.

Note to the deer hunters. Deer are being seen in the Slippery Rock Valley. One good sized doe was out Sunday afternoon taking in the scenery, apparently with the knowledge that hunting season was out.

Perhaps it doesn't pay to plant seeds in an orderly fashion. One of the prettiest gardens you can imagine is laid out by the vagaries of Nature, out on Cascade street. The house is an old log affair, covered with vines and radiating an atmosphere of fifty years ago. The yard is choked full of old fashioned flowers, bachelor button, Sweet William, iris and the like. Apparently the wind tosses the seed about in the fall and the result is a pleasing disorder of bloom.

cryptic words in a desperate effort to forestall a convention bolt in favor of outright repeal. It failed to stem the New York delegation's action, even though Secretary of the Treasury Ogden L. Mills and numerous other Hoover leaders were members of the group.

Convention wets declared they would oppose the administration plank in the resolutions committee, and, if defeated there, would carry their repeal plank to the floor of the convention. They boasted that their pools indicated its probable adoption, despite administration opposition. In fact, the wets declared they would put the convention on record as favoring modification of the Volstead Act, in addition to repeal of the eighteenth amendment.
